

# Alice in orphans and widows land

In typesetting, widows and orphans are lines at the beginning or end of a paragraph, which are left dangling at the top or bottom of a column, separated from the rest of the paragraph.

Widow: A paragraph-ending line that falls at the beginning of the following page or column, thus separated from the rest of the text.

Orphan: A paragraph-opening line that appears by itself at the bottom of a page or column, thus separated from the rest of the text.

Remembering the terms: A common mnemonic is "An orphan has no past; a widow has no future".

Hurenkind (auch: Witwe) und Schusterjungen (auch: Waise) sind in der Typografie zwei unterschiedliche, aber verwandte Typen von Satzfehlern, die den Leserhythmus stören und unästhetisch sind.

Als Hurenkind (gelegentlich Hundesohn, heute eher Witwe[2] zu englisch widow[3]), wird die letzte Zeile eines Absatzes bezeichnet, wenn sie zugleich die erste einer neuen Seite oder Spalte ist. Sie heißt so, weil sie ihre „Herkunft“ respektive „Partner“, also den inhaltlichen Zusammenhang verloren hat.

Als Schusterjunge (heute eher Waisen-[4] oder Findelkind[4] zu englisch orphan[5]) wird eine am Seiten- oder Spaltenende stehende Zeile eines neuen Absatzes bezeichnet, der auf der Folgeseite fortgesetzt wird – die sich also „vorwitzig wie ein Schusterjunge“ auf die vorhergehende Seite wagt.

%Book Title%

"Let's count the total lines on the page first", said Alice.

## Stylice in orphans and widows land

In typesetting, widows and orphans are lines at the beginning or end of a paragraph, which are left dangling at the top or bottom of a column, separated from the rest of the paragraph.

Widow: A paragraph-ending line that falls at the beginning of the following page or column, thus separated from the rest of the text.

Orphan: A paragraph-opening line that appears by itself at the bottom of a page or column, thus separated from the rest of the text.

Remembering the terms: A common mnemonic is "An orphan has no past; a widow has no future".

Hurenkind (auch: Witwe) und Schusterjungen (auch: Waise) sind in der Typografie zwei unterschiedliche, aber verwandte Typen von Satzfehlern, die den Leserhythmus stören und unästhetisch sind.

Als Hurenkind (gelegentlich Hundesohn, heute eher Witwe[2] zu englisch widow[3]), wird die letzte Zeile eines Absatzes bezeichnet, wenn sie zugleich die erste einer neuen Seite oder Spalte ist. Sie heißt so, weil sie ihre „Herkunft“ respektive „Partner“, also den inhaltlichen Zusammenhang verloren hat.

Als Schusterjunge (heute eher Waisen-[4] oder Findelkind[4] zu englisch orphan[5]) wird eine am Seiten- oder Spaltenende stehende Zeile eines neuen Absatzes bezeichnet, der auf der Folgeseite fortgesetzt wird – die sich also „vorwitzig wie ein Schusterjunge“ auf die vorhergehende Seite wagt.

"Let's count the total lines on the page first", said Stylice.
